CURE FOR PIMPLES ON THE FACE.

THESE complaints are among the most painful and dreadful to which human nature is subject. Comstock & Co's Extract of Sarsaparilla, in all scrofula diseases, cutaneous complaints, ulcers, mercury in the blood, pains and swellings of the bones, and diseases of the liver is a most excellent medicine. It first operates upon the blood, removing all the diseased particles it contains, and other parts of the system. It is concentrated extract, containing the very essence of the root, and prepared in the most scientific manner. Those who have been for a great length of time suffering under any of the diseases named, will find this Sarsaparilla of great benefit. As a general Spring Medicine to purify the blood, and give the vital fluids their natural circulation, to expel from the bowels all their morbid secretions, and to change the general habit of the system for the enervating heats of summer, there is no preparation so efficient as Comstock's Sarsaparilla. Price 50 cents per bottle, or $4 per doz. Warranted equal to any sold at $1 per bottle.

STARTLING FACTS.

HUNDREDS of children and adults are lost yearly with worms, when some other cause has been supposed to be the true one.

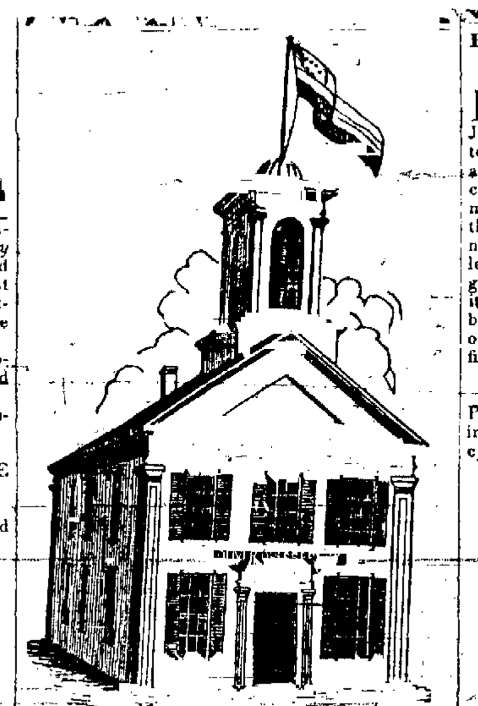

It is admitted by all doctors that scarce a man, woman or child exists but what are sooner or later troubled with worms, and in hundreds of cases and to relate, a supposed fever, scarlatina, cold, or some other ailing carries off the flowers of the human family—while in truth they die of Worms! and these could have been eradicated in a day by the use of a bottle of KOHLMSTOCK'S VERMIFUGE, at the cost of a quarter of a dollar!

BECAUSE PURIFYING THE BODY IS SIMPLE

Some do not believe it can Cure.

BE not blind—be not stiff-necked. Naaman, the Syrian was cured by bathing in the waters of Jordan; and Brandreth's Pills have attributed to them cures almost as miraculous. How different are their claims to public confidence to the medicines recommended in advertisements stolen from me. It is not the first time that wolves have worn the clothing to which they were unentitled. Be not slain by them. Let the public be on their guard: let them be very watchful, or the principles of purgation—second only to Christianity, in the benefits it is capable of bestowing on mankind—will be brought into disrepute, by the evil tendency of some of the medicines recommended to carry out its beneficial effects.

LORAINE'S PILLS:

OR

VALUABLE UNIVERSAL MEDICINE,

CURATIVE,

OF THE

French College of Health, in Paris.

THESE Pills are now acknowledged by thousands, who take them daily, to be the only medicine that fairly takes the Banner from all others.—This Extraordinary Medicine has actually done WONDERS within one year past all over the inhabited world where it has been introduced. They cause no pain, or uneasiness, of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the readers is respectfully called to the following important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine,—still greater, and more remarkable cures daily happen.

SWELLING OF THE BODY FROM HEAD TO FOOT, CURED!

BOSTON, (Mass.) March 10, 1844.

SIR:—About a year since I was taken severely ill, with a swelling of the body from head to foot, so that I was entirely helpless. The doctor advised me to go to the Hospital; for he said he did not understand my case. The persuasion of friends induced me to try Dr Loraine's Vegetable Pills, which in a few days, produced a great change in my system, by increasing the natural discharges, causing an appetite, relieving the pain, removing the swelling, and giving me strength, and a perfect cure.

MARY JANE FRANCES.

A SEVERE PAIN IN BOTH SIDES, CURED!

LOWELL, (Mass) April 20, 1844.

SIR:—For the last few months I have been afflicted with a severe pain in both sides, at times so hard that I could scarcely get my breath. * * * It is a pleasure to feel well—but a much greater one to say that I was cured immediately upon taking 1 dose of Dr Loraine's Pills. J. BROOKS.

A HACKING COUGH CONSTANTLY ANNOYED ME!

BOSTON, (Mass) June 1, 1844.

SIR:—In February last, I took a sudden cold, after which, a hacking cough constantly annoyed me, and this, combined with my other maladies, rendered me truly miserable, as every body told me that I was in a consumption. Since I have taken Loraine's Pills, and now every body tells me I am well,—I feel as well as ever I did.

NEW PRINCIPLES OF PURGATION.

CORNARO'S

Purifying and Preserving PILLS.

THE American public has for a long time been the victim of a false and dangerous system of medicine founded on the practice of LONG CONTINUED AND UNRELIEVED PURGATION. The evils of this old system are of the most wide-spread and alarming character. They have reached through every vein and artery of our nation. In every city and village, and hamlet—in every State and Territory of our vast Republic, will be found those who have suffered, or who are still suffering from the injurious effects of this old system of whose practical utility the disease decay and utter prostration of those who took it furnish the most condemning proofs.

COMMON DRASTIC PURGATION

Scours out the system by the most improper and violent means, and then leave it weak, low, feeble, debilitated, to regain its strength as best it may.—Sometimes the consequences of this old Purgative practice are worse than mere Debility. Inflammation of the Bowels, Slow Fever, Bloody Piles, and other horrible disorders are produced, simply from the want of some enlivening and preserving power in the medicine employed. Sometimes the digestive organs are deeply and permanently injured by this coarse and unphilosophical practice, leaving the patient AN INVALID FOR LIFE.

The alarming evils and absurdities of the old system of Purgation, have led to the introduction of a new Life-giving Medicine, called CORNARO'S PURIFYING AND PRESERVING PILLS, which are established on this new and only true principle of Purgation, viz:

NO PURGATION WITHOUT IMMEDIATE RESTORATION.

The use of this admirable Purgative remedy strikes a death blow to that abominable system, which by continually evacuating the bowels without any conservative or saving power, so dreadfully and fearfully prostrates and injures the unhappy patient. These Purifying and Preserving Pills are believed to constitute the perfection of medicine, being a UNIVERSAL VEGETABLE PURGATIVE, containing two great remedies combined viz: One remedy to PURIFY FROM CORRUPTION, and another to PRESERVE FROM INJURY AND DECAY.

And for the purpose of attaining the highest degree of purity in the preparation of these Pills, Dr. Bradlee has, at a vast expenditure of time and money, invented and patented at Washington, a chemical and philosophical apparatus for distilling and refining vegetable extracts, called

THE SEVEN-FOLD FURNACE,

A powerful and novel machine, having Seven Fires and Seven Alembics, with distilling, condensing, and evaporating fixtures of a new and ingenious contrivance, capable of obtaining more than seven times the ordinary purity of any vegetable extract heretofore used in compounding medicine. The Balsamic and Preserving power of these Pills is also by this invention, highly purified and refined, and so mingled with the operative medicine, that it repairs all the injuries created by Purgation as soon as they are caused, and strongly fortifies the system against future corruption and decay.

Let the public be no longer deceived by the advertisements of the "one remedy" doctors, who show their entire ignorance of the organic laws of the human system, by supposing that a medicine which purges merely, without renovating or preserving, can be a perfect remedy. For it is a fixed and immutable law of our being that there should be in practice. Purgation without immediate Restoration, and hence it follows, and is proved to demonstration, that all Purgatives which DO NOT possess a saving and preserving power, are injurious and injurious only—and possess NOT ONE REDEEMING QUALITY.

The whole theory of common drastic Purgation is based upon unnatural and absurd laws, and they who follow it fall victims to their own folly, and too late repent their temerity.

BEWARE OF UNRELIEVED PURGATION! Purge and Preserve, or do not attempt to Purge at all.

The celebrated PURIFYING AND PRESERVING PILLS, purify the body from corruption and preserve it from injury and decay by a single operation. They are a Universal Vegetable Purgative, of sovereign use in all diseases of the human system in which purgation is required, particularly in Jaundice, Indigestion, Dyspepsia, Bilious Disorders, Liver Complaint, Fevers, Nervous Disorders, Inward Weakness, Cholic, Dysentary, Worms, Gout, Rheumatism, Female Complaints, Depressions of Spirits, Debility of System, Fits, &c., &c.

Price 25 cents per Box, with full directions. Essay on Health and Long Life, &c.

BRANDRETH'S PILLS.

THE expressions rich Blood, and poor Blood, have a scientific basis. The ridicule which many have attempted to cast on these common sense opinions, must recoil upon themselves as surely as that Truth will prevail.

Brandreth's Pills.

The effect of this celebrated medicine is to purify the blood; to convert the poor corrupt blood into healthy, rich blood. And it is because they do this that they have been so steadily sought after by all classes of our citizens who have required medicine. And it is because of the power Brandreth Pills are now known to possess as health restorers, that renders them so popular.

They cure all affections, simply because they make the blood pure—abstract out of it those qualities which produce disease, and give to it those qualities which produce health.

Not every solid part of the human frame is made from the blood, and the food we eat is converted into blood to supply the waste our bodies are continually sustaining. So in the ordinary course of nature we manufacture our entire bodies in about 9 years from the food taken into our stomachs. Suppose the blood made in this stomach of ours is poisonous, impure, occasioned by some cause or other; it may be from the preceding generation; no matter, we make impure blood, and if so we cannot be healthy,—Suppose the air we have lived in for some time has been loaded with matters detrimental to health, or our food for a long period has been of an unwholesome kind; or that the mind has been much troubled—for grief, anxiety, or great attention to any particular point is a cause of corruption in the blood. Any of these causes vitiating, and good blood cannot be supplied to the body.

But let Brandreth's Pills be used daily under these circumstances, in doses of from two to six pills, or as the case may determine. What is their effect? It is to drive out the impure matters from the blood, leaving no more in the body than is wanted to keep the body in proper order; good to renew every part of the body. What was unsound can now be renewed, and the element soon gives strength to the blood, and fills the body with vigor; and that is a condition that even bad air or unwholesome food for a time are unable to injure the health materially. Even when the climate of food continues unsuitable, the occasional use of the Brandreth Pills will prove a strong defence against the constitutional impurities they engender. And why! because the impure parts are removed and pure blood carried in their stead, supplying what is good to supply life and strength to the body.

When the bones are diseased, when every ramification of the frame is out of order, the Brandreth Pills will in nineteen cases out of twenty cure. Remember that the body can be entirely renewed from the food, how soon so all; and aided by this most beneficent medicine, in from two to four years an entirely new healthy body can be exchanged for the unsound one. ...

The public should be cautious of medicines recommended in advertisements stolen from me. A very few of genuine Brandreth Pills. Examine the boxes. Every box of genuine has upon it three labels, ... Only authorized agent ... purely justify the cost of Brandreth's Pills.

VOLATILE AROMATIC SNUFF,

FOR HEADACHE AND CATARRH.

COMPOSED PRINCIPALLY OF ROOTS AND AROMATIC HERBS.

FEW or none of the snuffs in ordinary use, unite those advantages as an elegant sternutatory which the Volatile combined with other ingredients, is capable of producing. The common Scotch Snuff is not only destitute of fine flavor, but is universally allowed to be injurious to the head and stomach, and sooner or later affects the transparency and color of the skin. The coarse black Snuff instead of clearing and stimulating the olfactory nerves, serves but to irritate and deaden them; and in process of time, by stopping the passage has an uneven effect upon the speech.

The Volatile Aromatic Snuff will, by experience, be found not liable to these objections—its flavor is fragrant and delightful, the effect pleasing and salutary; it sensibly stimulates the spirits, and removes drowsiness. By repeated experiments it is known to be of essential service to those who are troubled with long, dull, nervous headaches.

In cases of Catarrh, or what is commonly called a cold in the head, a pinch or two taken at night on going to bed, will effectually remove all obstructions.

All those troubled with hypochondria, or vapors, will find in this preparation a complete antidote. During the tedious confinement in a crowded house, or a warm atmosphere, after a fatiguing walk or a long ride, a pinch or two of this Snuff will by its grateful and enlivening qualities, richly repay the purchaser the trouble of constantly having it in his pocket.

Its rare great and anti-putrescent qualities, no composition is better qualified to resist contagion, the use of it is therefore indispensable for all those who watch with or visit the sick.

All sedentary and studious persons of either sex, will find its occasional use a cheap and cheering relief from that lassitude which invariably accompanies a long sitting or much reading.

Certificate from Dr. Benjamin Waterhouse, Member of the Medical Society in London, of the Medical School in France, and late professor of the Theory and Practice of Physic in Harvard University in Cambridge, accompanies each bottle.

The certificate concludes with these words—"I have frequently used your composition myself, and recommend it to others."

This certificate was given more than thirty years ago, during which period it has been and is still in extensive use in nearly every State in the Union, and with the greatest approbation. Price 25 and 50 cents per bottle. Also WHITWELL'S ORIGINAL OPODELDOC.

For Bruises, Sprains, Cramp, Numbness, Rheumatism, ... Stings of Insects, Vegetable Poisons, Chilblains, etc.

This well known article has stood the test of twenty years and is still sought for, in every State in the Union, and so high is its reputation that city and country have been flooded with the vilest imitations of it, not worth the bottles which contain it. Be not imposed upon, have WHITWELL'S OPODELDOC or none, unless you wish to prove the truth of the Hudibrastic remark,

"That the pleasure is as great,
In being cheated as to cheat."

N. B. A certificate of approbation from Dr. Saml L. Mitchell, M. D., L. L. D. late Professor of Medicine in the New York College of Physicians, accompanies each bottle. Price 25 cents.

POLITICAL.

To the Liberty Party.

Have you as a party, or as individuals, duly considered the various and momentous consequences involved in the pending Presidential Election—Or what consistency, honesty, and patriotism, require at your hands, in this great struggle between regulated, lawful liberty, and the tyranny and despotism of partizan mobocracy?

It is a palpable and notorious fact that the Sham Democracy, (or Polk Party,) are and ever have been, regardless of the Constitution and Laws of the land—that they are in favor of Slavery and despotism—that they countenance and encourage riots, mobs and rebellions—that if they succeed in this Election, the American Tariff will be destroyed, and Texas with all its Slaves and rogues annexed to the Union—that a foreign debt of unknown millions, national disgrace and war with all its horrors—social discord, envy, hatred and malice—and the extension and perpetuation of Slavery, must be among the immediate and awful consequences that shall ensue.—This is just as plain as that any known cause will produce its legitimate effect, or as that two and two make four.

On the other hand you know, and the world knows, that if Mr Clay and his friends succeed, all these direful mischiefs will be avoided—Slavery will be restricted to its present constitutional limits—the right of Petition fully recognized and secured—the Tariff and the Union remain unimpaired—the peace, industry, virtue, and happiness of the people promoted—Texan slaves and rogues kept out of the Union—and civil liberty, social order and good government reign throughout all our borders. In the former case, we shall have a mere third rate Politician for Chief Magistrate, and in the latter a consummate Statesman and profound civilian—these positions are as true, self-evident, and undeniable as that the Sun rises in the East and sets in the West.

Now you profess to be a very moral and religious class of men—to be most earnestly opposed to all the evils portrayed above—to be actuated by pure philanthropy and exalted patriotism—that immediate emancipation of the slaves, the exclusion of Texas, and the general improvement of the human race, are the first and last objects of your hearts—and that such is your refined and elevated sense of public duty, that you can not conscientiously co-operate with either of the great political parties that now divide our country, on account of their alleged selfishness and corruption.

And yet you continue to follow and support your leaders, such as Birney, Stewart, Willey, and others of less note, while they assert and publish to the world the deliberate and wilful lie, that these dreadful evils are no more likely to ensue upon the success of the Polk party than upon that of the Clay party—and that you are no more sure of the blessings described, upon Mr. Clay's election than upon that of James K. Polk! Nor is this all—You must know that these leaders of yours have sold you into bondage, they have bartered you away to the Slavery and Texas party for a mess of Pottage for themselves—Yes they have not only basely slandered Mr. Clay and the whigs, under a hypocritical pretence of superior sanctity, and been for a long time warmly co-operating with the locos to promote and perpetuate the very evils which you profess to deplore—but they have now indispensably joined the locos, and have absolutely betrayed you into the hands of the most selfish and corrupt party that ever existed upon the earth—are you ready to submit to such treachery—ready to sanction such abominable hypocrisy—such open and shameless atrocity?

You must be sensible that the course of your party for the last few years has been to place men in power and influence whom you know to be unprincipled and deadly enemies to all that you profess to hold dear upon earth—men who exhibit political career has been most destructive to the country's best interests—you know that your leaders have turned traitors to the vital and most momentous interests of the country—to the principles which they profess to revere and have rendered themselves the scorn and contempt of all honorable minds—Now with these undeniable facts before you, will you continue to be the enemies of your country—to support your vile and hypocritical leaders in all their miserable attempts to promote annexation, and thus extend and perpetuate slavery, and what must honest, consistent free-minded men think of you—And if by this course you be the servants of your party, these evils should befall the country, will not your country-men and the friends of liberty in all parts of the world, hold you in everlasting execration?

In view of these things and the continued and daily slander, hypocrisy and baseness of your leaders, in whose guilt you participate if you continue to support them, how can you look up in God in prayer for a blessing upon you, your country, and its rulers. How can you reconcile it—this warm you continue the unconsistency, absurdity, and hypocrisy of the course your party is pursuing, and its dreadful hypocrisy which that course is endangering, without even a passing at doing the most good.

Now we most devoutly call on you to review this whole matter—to contemplate the momentous and solemn consequences involved in the coming election—to consider well the abiding responsibility that rests upon you—and that respect for yourselves, the slaves, your country, and the approbation of Heaven, demand of you to unite your efforts with those of the patriotic Whig party in one mighty effort to redeem and save our beloved country. LEONIDAS.

From the Richmond Whig.

British Gold at work against the Tariff and the Whigs!

Cobbett long ago revealed that the object of his first mission to the United States was to write down our infant manufactures—that not only the pen but money was then employed, and that these failing fire was in some instances employed!

The incalculable interest that England has in the suppression of American manufactures is too self evident to need argument to prove it. To keep us dependent on her, and in the event of war as in that of 1812, to catch us without even the means of manufacturing a blanket for our soldiers is a political object which she would secure at the sacrifice of millions. But what is this compared to the incalculable interest which Great Britain has in securing for her own manufactures the monopoly of such a market as that of the United States, already containing 17 millions of people—a market perpetually expanding and destined to expand, until the unlimited capital, the pauper labor and the innumerable workshops of Great Britain herself would be far inadequate to supply the demand! Never nation had a more powerful motive addressed to her cupidity than England has to keep down the manufactures of the United States. Ergo, artfully, ably, insidiously and to some extent successfully has she labored in the work. British Gold at different periods has unquestionably been circulated freely to effect it, and unquestionably British Gold has reached—in former days the pockets of Senators and Representatives.

Though the Tariff of 1842, is apparently fixed permanent and irrepealable, as we trust, for the sake of our country it is, England will not consent to think so. She has still hopes of overthrowing it through the instrumentality of Polk and the Free Trade Party. She confides to the proverbial fickleness and instability of our legislation. ENGLAND HAS TAKEN THE FIELD to procure the repeal of the Tariff of '42. ONE MILLION of Dollars have been subscribed in different quarters of England to circulate Free Trade Tracts in Foreign Countries. No man can doubt but that the United States is the country and the only country meant, and that British Gold is at this moment at work to influence our elections and operate upon our national legislation.

John Q. Adams upon Charles J Ingersoll

In Mr Adams's speech at Weymouth, day before yesterday, there occurred the following passage, in connection with a strain of indignant denunciation of Mr Ingersoll, for having endeavored to embroil this country in a war with England, upon the Texas question:

"More than three-score years by gone, we were at terrible war with Great Britain, but there it took right, honor, God himself was on the side of this country, and God gave to America the victory in that momentous struggle. Washington, Samuel Adams, John Hancock, Patrick Henry, Richard Henry Lee, Greene, Franklin and a host of others, were the American leaders then, and, through privation and blood, they labored in behalf of their land. The vile fabricator of this slander upon me, was then a helpless infant—and for his liberty and his rights the great men were contending. But after the war was over, when the objects had been attained, when America and Americans were free, there was a man found in Pennsylvania, so base that he was not ashamed to declare in the face of his country and the hearing of all his fellow-citizens, that, had he been of age to take a part in the war of the revolution, he should have been on the side of Great Britain. This of course implied nothing else than that, in the judgment of that individual, Washington, and all his associates were traitors who, if they received their deserts would be hung, drawn, quartered, and embowelled on Tyburn hill. A man in Pennsylvania made that declaration, and who that man was, Mr CHARLES JARED INGERSOLL CAN TELL."

The manner of Mr Adams, at this passage, cannot be described; but those who have never heard him may conceive of the effect he produced on the audience.—Courier.

A Home Market for the Farmers.

According to the census of 1840, there were 291,545 not employed in agriculture and mechanical arts in the United States. Allow three children, or other persons, to be, on an average, dependent on each workman, and the total number of mechanical customers of the farmers in the country is 3,166,180. Allowing each person to consume in food and clothes drawn from the soil, either directly or indirectly only 12½ cents worth a day, and the total consumption amounts to $144,456,623 a year.

If a great portion of these should be turned to become producers of agricultural products instead of consumers, where would the farmer look for a substitute for the market thus lost?

Mechanics Arouse!

With you, especially, THE TARIFF is a question at issue, and the day for YOU to act is at hand. Be not deceived by frauds. James K. Polk has avowed his mutual opposition to the TARIFF of 1842 in general and to the PRINCIPLE OF PROTECTION in particular. HENRY CLAY, on the contrary, is the unchanging friend of the present Protective Tariff. Between such men and such principles you are called to choose. Vote for the Tariff, this crisis, and SAVE YOURSELVES.—Haverhill Courier.

Rev. Caleb Stetson of Medford has of late been in Middlesex county, attended a meeting in Medford the other evening and announced his determination to vote for Mr Clay. ... but he says, upon a careful review of the ... subject, he has become convinced that it is his duty to vote for Henry Clay, and he will do.

as a member of the Liberty party, which has, likewise, in the most public and solemn manner, reaffirmed it, and was based and still stands on his exposition of it, to sell his farm at Saginaw, and apply the proceeds to the redemption of Charles and his twenty-nine other slaves in Alabama. But Mr. Birney, it is presumed, would reply as to these cases that "all things lawful, are not expedient." If, however, he adheres to the rule with these exceptions, there will still be much that is lawful, which he may do. He can go, and his disciples and supporters with him, (as many of the early Christians did,) and take the places of slaves, assume their chains, take the lash, pick cotton, and grind sugar-cane, twenty out of twenty-four hours. Or lastly, if he believes that the exclusion of Texas will contribute to bring about the extinction of slavery, (as he certainly did when he wrote his letter to the Pittsburg Committee on the 24th of February last,) and that Henry Clay, is upon the whole, pledged to oppose its annexation, then let him and them vote for Clay. It is "lawful," and by their reasoning, they are bound to do it. It was said at the time, in reply to Mr. Birney, that if his conclusion were just, then "women, covenanters minors, non-resistants, and many of the society of Friends and other persons, would be disqualified for membership, and would be required by justice to their associates, and to the slave, and by integrity and self-respect to withdraw from the Anti-Slavery Society."

☞ We understand that the Sheriff of this county makes himself quite busy in distributing political papers and, where he thinks it will answer his purpose, of calling the attention of Methodists to a long and abusive article copied into the last Democrat purporting to have been written by twenty-five Methodists.

Now the article itself has no names signed to it nor are any mentioned as being its authors or agreeing to its sentiments. The article betrays an evil spirit as far removed from true Methodism, as light from darkness, or truth from falsehood. It contains therefore internal evidence of its falsity and hollow-heartedness.

It is well known too that so far as methodist authority, as good as any authority in the country, goes, regarding the character of Mr. Clay, the world is in possession of the testimony of Rev. Mr. Bascombe and a large number of Methodist clergymen in Kentucky whose names have been given.

We would advise the Sheriff not to place too much confidence in the ignorance and gullibility of the people even if he does happen to know they are Methodists, and have religious sympathies. They can detect the motives of the Sheriff and the false character of such documents as he points out, without difficulty. The slanders against Mr. Clay have been triumphantly met and overthrown by the testimony of men in Kentucky who are acquainted with him and by the great majority of the clergymen there of all denominations. Against this testimony it is rather a bold push to issue an anonomous card, breathing a perverse and unsanctified spirit with an impudent signature merely of "Twenty five Methodists."

☞ The Philadelphia Forum states that officers in the Navy find it easier obtaining favorite stations by joining in the hew and cry of political contests and shouting clamorously for Polk & Dallas. If officers in the Navy of our Union are to engage in party-service they will find that the people will in their indignation crumble the whole concern about their heads. That establishment will not be maintained for the purpose of supporting a gang of demagogues.

☞ The National Intelligencer publishes, in a tabular form, a statement of comparative Majorities at Elections during the present year, with those of the immediately preceding ones in the respective States, which show, at the lowest calculation, a Whig gain in sixteen States of 43,514 votes; and circumstances operating at the approaching Presidential election will, we have every reason to think, at least double this gain.

Mr Birney at Rochester.

A correspondent of the Albany Advertiser states that Mr Birney spake for two hours at a Mass Meeting in Rochester on the 23th, of October. In this speech he explicitly avowed his knowledge of the intention of the locos to nominate him before he left Saginaw, and said he expected to be a candidate before the Convention, but did not *much* expect to be nominated, for he *thought* the leaders would *try* to *prevent* it! He said he told them he would serve it elected, and went on to defend the course he had taken in relation to his nomination. In answer to a question by one of the audience. *Were you nominated by the regular nominating convention of the party?* Mr Birney replied, "CERTAINLY, *no doubt of it!* He said he was nominated by a vote of 17 to 3.

☞ An attempt has been made to fudge up some kind of story that some Whigs were instrumental in getting Mr Birney nominated as the locofoco candidate for representative. A very probable thing truly! Perhaps they will by and by charge the Whigs with the evil of controlling the Baltimore loco convention and thus of defeating Mr Van Buren.

But read the following article from the Detroit Advertiser and see how the attempted back out ordered by the leaders succeeded, as follows:—

"We learn that the Mass Meeting of Loco Focobolters at Mr Birney's nomination, in Saginaw, was an entire failure. Very few attended. A nomination was made, but it is understood that the party generally will vote for Mr Birney. The whole thing is looked upon as a *ruse* for effect abroad. At home Mr Birney will be regarded and voted for, as the regular candidate."

☞ A Correspondent of the Gazette "An Abolitionist," ventures to affirm" that we can not name a single man who was ever regarded as a thorough Abolitionist, that will vote for Henry Clay. This is voluntarily assuming a very hazzardous position. We could whisper a few words in that writers ear that would make him ashamed of his position in being so sure in a case of which he knows nothing.

Remember, friends of Clay and Protection! even in those towns where you are in the minority, that YOUR VOTE counts just as well as in towns where the majority is with you.—Remember also, in towns where you can give a majority, that *every vote* you can give will count to SWELL THE GRAND MAJORITY!

MR. FRELINGHUYSEN still continues to be the mark of impotent slander and malice from the scurrilous libellers of the other party. One charge against him is thus replied to by the "Tribune":

"It is false, utterly, wickedly false, that THEODORE FRELINGHUYSEN *ever* volunteered to prosecute Journeymen Shoemakers for striking for higher wages.—He *was* once employed as a lawyer against certain Journeymen Shoemakers, who had not merely struck work, (as they had an unquestioned right to do,) but had undertaken by intimidation and violence to prevent others from working who chose to work, and had wantonly taken the property of employers entrusted to other Journeymen. If those who basely assail Mr. F. will state the whole truth, their attacks will do him good and not harm."

☞ The Portland Transcript has been disposed of by the former publishers Messrs. Short & Pennell to N. A. Foster & Co. by whom it will be continued. Mr Ilsley will continue its editor and indeed it would be difficult to find a better one.

☞ We observe that Capt. Henry Emery late of the Washington Coffee House Boston has taken the well known Franklin House in that city.

☞ We have on hand a very able and interesting article from our Alton Ill. correspondent but must keep it on hand until after the issue of our next weekly paper.

☞ Let every Whig be animated with the impression that on his exertions and on his vote depends the future safety of the country!

☞ By referring to our advertising columns it will be seen that a Concert is to be given at the City Hall on Monday evening.

Why is a scandalous report like a buttered cracker? Because it gains by being spread.

☞ We have received a poetical invocation to 'Poverty.' It is somewhat extravagant and in some parts lacking in harmony. The following is given as the awful picture of the power of Poverty:—

"I've seen a Sire, and his hungry blood
Washing thy throne with tears!
I've seen thee stain a noble soul with blood
I've seen thee stain the rosy cheek with years
I've seen thee snatch from love and lovers' arms
And yield to brutish lust a maiden's charms."

The Lexington Observer and Reporter states that Mr. CLAY, yielding to his feelings excited in behalf of the son of a Revolutionary Patriot, who was captured at Mier, a citizen of Alabama, addressed a letter to President Santa Anna, requesting his liberation. We understand that he has just received a polite letter from President Santa Anna, informing him of the prompt discharge of the captive according to his request.

During a Whig procession recently in Philadelphia, a banner, on which was inscribed the words "*Encourage American Manufactures*," was torn down by Locofoco hands, in contempt and derision of the dearest interests of the manufacturers and working men of all classes.

Mr. Ritchie, of the Richmond Enquirer—the "great gun" of the democracy—denounces the tariff as "THE PRESENT INFAMOUS, SWINDLING TARIFF." Let it be distinctly understood that *the man who votes for Polk, votes for a repeal of the tariff.*

It is estimated that the reduction of postage in Prusia will occasion a loss of 700,000 thalers per annum, but that will not prevent the government making the experiment, and they are so certain that ultimately there will be no loss—Every country in Europe goes ahead with cheap postage.

☞ The Whig gathering at New York city on Wednesday was a real out and out rouser. Such a display was never before in that city. We have no time or space for details.

☞ The steamboat Lucy Walker exploded her boiler, took fire and sunk near Louisville 24th October. She had a large number of passengers and was crowded with freight.—Between twenty and thirty persons were killed and nearly as many wounded. The scene was terrible, as described in the Louisville Courier.

☞ An English vessel had arrived at Vera Cruz, having on board an extraordinary courier, who left immediately for Santa Anna's residence. It was reported that he was a bearer of such instructions to Santa Anna, from the English Government, as would constrain the latter to disist from the prosecution of the war against Texas, if not acknowledge her independence.

☞ There was a snow storm in western New York on Monday—extending all the way west as far as we have accounts. The Green mountains in Vermont are said to be white with snow.

Persecution of the Jews.

There is passing at this moment in the North of Europe, (says the National,) a fact of the highest importance. We allude to the barbarous measures which are being carried into execution in Russia against the Jewish population.—Autocrat has decreed the transportation in a body of 150,000 individuals. Their only fault is that some of them are addicted to smuggling, and the fault of a few is to be visited on thousands of our fellow-citizens.—At the moment we are writing these lines the sentence is being executed, the spoliation and ruin of these unfortunate men are consummated. Torn with violence from their fire-sides, obliged to sell their property for considerably less than their value, they are compelled to seek an existence in the silent deserts of the interior of Russia, where they will dispute the possession of those immense wastes with the birds and beasts of prey, which are their sole population. There they will find their tomb, and in presence of this calamity the author of such atrocity relies upon the silence of all Europe.

Changes in Berks Co., Pa.

There are going on, not only there, but in every part of the state. Some who were lately leading "democrats" in Berks co. close a well written appeal to their democratic friends friends who are in favor of domestic industry, and the best of markets—a home market—to unite with them in promoting the election of Henry Clya.

The last doubt Removed!

ELIZABETHTOWN, N. J. Feb. 20, 1843.

About two months ago I was seized with a violent Cold, which soon caused raising of blood. I tried various remedies, but none did any good; but, on the contrary, my Cough increased, and it was feared it would result in the Consumption. By accident, Dr. Wistar's Family Medical Guide met my eye, which recommended Balsam of Wild Cherry. I purchased a bottle, used it, and in one week ceased raising blood, my Cough entirely disappeared, and my health was completely restored enabling me to attend to my business as usual.

We, the undersigned, are acquainted with Mr. J. W. Woodruff, and can assure all who do not know him that his statement is entitled to full credit. Where he is known his word needs not our endorsement.

CONCERT.

THE

CONGO MELODISTS,

assisted by little

OLE BULL,

WHO have met with unprecedented success in Portland, where they had the honor of giving seven concerts, to fashionable and crowded houses, respectfully inform the inhabitants of Bangor, that they will give their first concert, on **Monday Evening, Nov. 4th, at the City Hall.**

The Company is composed of five skilful musicians, and from the immense success which has attended them wherever they have appeared, they are confident in promising their auditors the most irresistibly ludicrous as well as scientific entertainment that they have ever listened to. Their Songs are sung in harmony, with five voices, in the style of the Hutchinson family,

The Little Ole Bull, whose remarkable execution upon the violin has been the wonder of the day, will execute a variety of difficult Solos. He is but nine years old, and is admitted by professors of music, to be the best violin player of his age in the world.—He is a pupil of the celebrated Keyser, and bids fair to rival the old Ole Bull, who is now exciting so great a sensation.

Names of Performers and Instruments.

J. L. Buckley, basso,		Triangle.
R. Buckley, tenor,		Tambo.
Little Ole Bull, counter tenor,		Violin.
G. Sweeney, alto,		Banjo.
